Good! I was going to suggest that knowing that Next week was going to be very difficult to have you star. I did not want you to work during the holiday weekend anyway. My blessings!

Subject: NFB change in mobilization date
Importance: High

Good Evening:

Due to some unexpected delays, the training obligations that practically all of our team is participating this week, the amount of work/planning that would need to be accomplished.....We are going to push off mobilization at NFB until May 31st. In a perfect world, we would slide the three weeks accordingly (May 31-June 17). I will talk to Guardian, Weston and ERT to see if that third week is viable.

The draft fact sheet was sent out to EPA staff, the state and the property owners. Dave Kluesner has made some revisions. We will discuss next week about releasing that to the public officials and then the public.

Please let me know if there are any issues with this change.

Regards,

Eric
